Zouhair Maghzaoui

national 1.89%

standing within this candidate's own range

- weakest seventh 0.9–1.3%
- 2nd seventh 1.3–1.4%
- 3rd seventh 1.4–1.5%
- middle seventh 1.5–1.8%
- 5th seventh 1.8–2.3%
- 6th seventh 2.3–2.6%
- strongest seventh 2.6–6.5%

24 mapped units

Seven equal-count classes PER CANDIDATE — deliberately not the fixed 0–100% scale the share maps use, because standing is ordinal and has no percentage to fix: the same shade means the same rank within that candidate's own distribution, not the same share. Read across to compare geography, not level — each legend prints the values behind its classes.
