

The largest family name in each imada

2024 ISIE voter register (6 July 2024),
2,069 imadas, 972 different names leading one of them. A patronymic is a father's name rather than a family name and does not count here; one would have led in 56 imadas.

Ayari العياري
leads 82 imadas · 10,109 voters there

Trabelsi الطرابلسي
leads 58 imadas · 11,410 voters there

Abidi العبيدي
leads 42 imadas · 13,453 voters there

Hammami الهمامي
leads 31 imadas · 8,017 voters there

Bjaoui البجاوي
leads 28 imadas · 8,339 voters there

Riahi الرياحي
leads 26 imadas · 7,081 voters there

1,802 imadas led by one of the other 966 names
Next after these, by imadas led: Mejri (23), Dridi (23),
Jlassi (23), Charni (15), Hamdi (14)

Leading is not dominating: the leading name holds a median 8.2% of its imada's electorate (quartiles 3.7% and 14.3%), and in 17% of imadas it leads the second name by under ten voters.

No two of these 6 colours are closer than 16.1 CIEDE2000, and 17.9 where two share a border — under normal vision and all three dichromacies. 6 names carry one because that is as many as the published palettes hold to those two floors.

A name written with the definite article and without it is pooled as one name.
Counts: ISIE preliminary voter register, 6 July 2024. Boundaries: OCHA COD-AB admin4.
