

Zouhair Maghzaoui

kernel-smoothed surface · 25 km Gaussian · vote-weighted

2024 Tunisian presidential election · each imada centroid is a sample, weighted by its certified valid votes.
Class breaks are the imada quantiles, as in the choropleths. Grey: fewer than 500 votes within the kernel, so no estimate is drawn.
Boundaries: OCHA/HDX COD-AB (CC BY-IGO).
